

Alexandros Koulouris

Chemical Engineer, PhD
Professor
Dept. of Food Science and Technology
International Hellenic University
57400 Sindos, Thessaloniki, Greece
Tel: +30 2310013576
e-mail: akoul@ihu.gr

RESEARCH INTERESTS

Process systems engineering with emphasis in food, biotech and pharmaceutical industries.
Methods and tools for process design, modeling and optimization.
Operations and supply chain management, planning and scheduling.
Process simulation software in education.
System identification and control with neural networks.

EDUCATION

Massachusetts Institute of Technology (Cambridge, MA) 1995
Ph.D. in Chemical Engineering.
Thesis Title: "Multiresolution Learning in Nonlinear Dynamic Process Modeling and Control"

Massachusetts Institute of Technology (Cambridge, MA) 1991
MSCEP: M.S. in Chemical Engineering Practice.

Aristotle University of Thessaloniki (Thessaloniki, Greece) 1988
Diploma in Chemical Engineering.

ACADEMIC WORK / LECTURING

Professor (International Hellenic University – Dept. of Food Science and Technology) 2019-today
Professor (ATEI Thessaloniki – Dept. of Food Technology) 2016-2019
Associate Professor (ATEI Thessaloniki – Dept. of Food Technology) 2008-2016

- Postgraduate Courses: *Operation Management and Scheduling of Production Systems, Enterprise Resource Planning* in the MSc Program entitled "Quality control and operations management systems in the food industry"
- Postgraduate Course: *Automation Systems in the Food Industry* in the MSc Program entitled "Applied Automation Engineering Systems" of the Dept. of Industrial Engineering and Management at IHU
- Undergraduate Courses: *Food Engineering I, Food Process Design, Food Engineering II (practicals), Computer Application in Food Technology, Instrumentation and Process Control in the Food Industries*

Adjunct Professor (ATEI Thessaloniki – Dept. of Food Technology) 2004-2007

- Graduate Course: *Information Technology Applications in the Food Industry* in the MSc Program entitled "Food Science and Nutrition"
- Undergraduate Course: *Food Process Design*

Training Course Instructor (Intelligen, Inc.) 1999-2007
Taught 2-day training course seminars on batch process design, scheduling and optimization with the use of the software tools SuperPro Designer and SchedulePro. Courses taught at universities and industrial sites and attended by professors, researchers and industrial scientists and engineers. Indicative course venues:

- *Universities:* Technical University of Delft/Netherlands, Saarland University/Germany, University of Roma-La Sapienza/Italy, National University of Singapore/Singapore, Seoul National University/S. Korea, Universiti Teknologi Malaysia/ Malaysia
- *Industries:* Sanofi-Aventis/France, Roche, Serono, Lonza, Nestlé/Switzerland, Astra-Zeneca, Pharmadule/Sweden, Boehringer-Ingelheim/Austria

ADMINISTRATIVE WORK

Head of the Food Technology Department (ATEI Thessaloniki)	2013-2017
Director of the MSc Program of the Food Science and Technology Department (ATEI & IHU)	2017- 2021
Deputy Director of the MSc Program of the Food Technology Department (ATEI Thessaloniki)	2009- 2017
Director of the Food Process Engineering Laboratory (Dept. of Food Science and Technology)	2012- today
Member of Committee for the MSc Programs Guide for ATEI Thessaloniki	2009-2010

RESEARCH WORK

<i>Project Coordinator (ATEI Thessaloniki)</i>	2018
Project “Software development services for Intelligen’s ‘Intelligen Suite’”. Funded by Intelligen Inc.	
<i>Participant at Food MC COST Action</i>	2016-2020
Cost Action CA 15118: "Mathematical and Computer Science Methods for Food Science and Industry"	
<i>Member of the Principal Scientific Team (ATEI Thessaloniki)</i>	2016-2020
Development of innovative materials with improved thermal insulation properties for food packaging - ThermPack	
<i>Project Coordinator (ATEI Thessaloniki)</i>	2012-2015
Program Archimedes III: scientific coordinator of the project “Development of educational simulation-based modules and computer applications in food process engineering –FEPSiM”	
<i>Associate Professor & Professor (ATEI Thessaloniki & IHU)</i>	2008-today
Supervised more than 30 undergraduate and MSc student thesis research projects related to modeling of food processes, CFD modeling, production planning, operation scheduling in food industries etc.	
<i>Postdoctoral Research Associate (Massachusetts Institute of Technology)</i>	1995-1999
Participation in the research team responsible for the design and development of the object-oriented phenomena-based process modeling language MODEL.LA. Project conducted jointly by MIT and UC Berkeley under an NSF research fund. Designed and developed the following functional modules of MODEL.LA: physical properties manager and databases, thermodynamic engine, process control and scheduling. Also involved in user software training in industry (Mitsubishi Chemicals/Japan) and academia (MIT, UC Berkeley).	
<i>PhD Student (Massachusetts Institute of Technology)</i>	1991-1995
<ul style="list-style-type: none">- Development and analysis of a Wave-Net neural network based on the theory of wavelets- Development of learning algorithm for Wave-Net from a continuous feed of process measurements- Application of Wave-Net in model identification and nonlinear model predictive control	
<i>Postgraduate Researcher (Chemical Process Research Engineering Institute, Thessaloniki)</i>	1988-1989
Participation in research project for the oxidative coupling of methane to ethylene: performed kinetic studies and evaluated alternative reactor configurations.	
<i>Undergraduate Student- Diploma Thesis (Aristotle University of Thessaloniki)</i>	1988
Developed kinetic model of the thermal and catalytic steam-cracking of n-hexane.	

WORK EXPERIENCE

<i>Business Development Manager (for Intelligen, Inc. in Greece)</i>	2001-2008
<ul style="list-style-type: none">- Development of new software tools (SchedulePro) in the Intelligen Suite™ line of products- Recruiting, training and supervision of development engineers working with Intelligen in Greece- Technical support and consulting services to Intelligen customers in Europe/Asia- Training courses, presentations in scientific and technical conferences	

Senior Development Engineer (Intelligen, Inc., Scotch Plains, NJ) 1999-2001

- Development of new and improvement of existing features in Intelligen's process simulator, SuperPro Designer, for the design, modeling and optimization of processes in the fields of pharmaceutical, biotechnological and food industries
- Consulting services to software users

Industrial Intern Consultant (Dow Chemical, MI/General Electric Company, NY) 1990

Participated in four monthly team industrial projects in fulfillment of the obligations of the MIT-MSCEP program. Projects involved laboratory experimentation and use of process simulation for the modeling and optimization of industrial processes.

OTHER ACTIVITIES

Scientific Journal Refereeing

- Food and Bioproducts Processing-Official journal of European Federation of Chemical Engineering: Part C
- Pharmaceutical Engineering
- Journal of Food Engineering
- Asia-Pacific Journal of Chemical Engineering
- Process Integration and Optimization for Sustainability
- Chemical Engineering Research and Design
- Journal of Water Process Engineering

Conference Organizing and Scientific Committees

- Member of the Scientific Steering Committee for the 6th International Congress on Food Technology, Athens, 2017
- Member of the Organizing Committee for the 6th European Young Cereal Scientists and Technologists Workshop, Thessaloniki, 2017
- Member of the International Scientific Committee of FABE (Food and Biosystems Engineering) 2013, 2015 & 2019
- Member of the National Scientific Committee of ICEF11 (International Congress on Engineering and Food), 2011

PROFESSIONAL AFFILIATIONS

Member of ISEKI-Food Association (2013)
Affiliate Member, AIChE (1992)
Member, ISPE (2003)
Member, Technical Chamber of Greece (1988)

AWARDS/HONORS

- Greek National Fellowship (1983-1988).
- MIT-Ralph Landau Fellowship (1989)
- PhD research and teaching fellowships, MIT (1990-1995)

COMPUTER SKILLS

Programming: C, Visual C++ & C#, FORTRAN, BASIC, HTML

Operating Systems: WINDOWS, UNIX, VMS

Databases: BDE, ODBC, OLE DB, MS Access, SQL

Applications: SuperPro Designer, SchedulePro, MATLAB, ASPEN PLUS, gPROMS, FLUENT

LANGUAGE SKILLS

Greek : mother tongue

English: Cambridge Certificate of Proficiency in English (1989). 12-year residence in the USA for graduate studies and work (1989-2001)

French: Diplôme d' Etudes Françaises (1981)
